Prop. Owner's Address _____ Telephone #: _____

In case of a water emergency person to notify: _____ Telephone #: _____

Utility services require a completed application with at least two forms of identification, one of which contains a picture, and a deposit paid before water service will be turned on. The deposit is refundable after the account is closed and there is no outstanding balance. By signing this application, the applicant agrees to observe all laws and regulations of the United States of America, the State of Illinois, and RLCD related to utility services. Water bills are mailed out the first week of each month based upon rates established by RLCD and are considered past due if not paid by the due date. Service will be discontinued if the terms of this application are violated. A reconnect fee will be charged if the service is disconnected. RLCD reserves the right to require an additional deposit at any time for accounts RLCD deems at risk for collection. Failure to receive bills or notices does not absolve you of responsibility. The applicant acknowledges water service will be turned on at the above property and understands RLCD is not responsible for any property damage that may be caused from the water being turned on. Applicant must provide at his own cost and expense an adequate pressure reducing valve sufficient to withstand the pipeline pressure and to convert and reduce this pressure to a level suitable for use by the purchaser. This pressure reducing valve shall be located between the water meter and the residence or building of the applicant, but cannot be in the same vault with meter. Applicant hereby agrees that District shall have no liability for any damage of whatever nature resulting from excess water pressure whether caused by a defective or malfunctioning valve, by the failure to install such valve, or by any other cause, and applicant agrees to hold District harmless for any such damage. If applicant is not the owner of the property on which water service is to be installed, then applicant must furnish release from property owner for any liability for any and all damages which might arise from excess water pressure. Applicant agrees to furnish from the owner of the property without cost to the District permanent easements for the location and installation of water meters and meter vaults. Such easements shall also allow the District or its representatives to enter upon the land of the applicant with any and all necessary supplies and equipment for the purpose of the conducting of any and all activities relevant or necessary to the installation and maintenance of said meters and meter vaults and other equipment belonging to the District. District shall not be liable for any lawn damage during or after construction of service. District's maintenance responsibility ends at discharge of meter. Your water meter is a radio-read meter. There is a cylindrical antenna attached to the meter box lid which can be broken when hit with hard objects such as a lawn mower. You are responsible for damages to this antenna and will be charged a replacement cost if damaged. Only one residence or business is allowed per meter. Your water will be disconnected if more than one residence or business uses the same meter. If you move or would like your name to be removed from this account, you must notify Customer Service. You are financially responsible for all charges until RLCD makes the changes in its records. If you have questions regarding your bill, or need to discuss payment of your account, please call our Customer Service phone number, 618-435-3676. Our office hours are 8:00 a.m. to 4:00 p.m., Monday through Friday, except holidays. Our fax number is 618-439-2400.
