TELEPHONE: (618) 439-4321 ■ FAX: (618) 439-2400

Press Release

Rend Lake Conservancy District is pleased to announce that Gary J. Williams will assume the position of General Manager (CEO) of the District on May 1, 2024. He has been an executive for the City of Carbondale since 2011, the last eight years of which he served as City Manager (CEO). Prior to his time with the City of Carbondale he was a Project Manager for several national real estate development companies.

His academic credentials include a Bachelor of Arts degree and a Master of Public Administration. His experience with overseeing a water plant, sewer plant, and recreation development in Carbondale combined with his success in securing grants makes him an ideal fit for RLCD.

Rend Lake Conservancy District provides an essential service to 37 different water districts and over 1,400 individual customers throughout southern Illinois delivering 5 billion gallons of water annually. The District also brings people to Southern Illinois for recreation from numerous surrounding states. Gary's depth of experience, expertise and leadership qualities will enable us to further improve and expand our mission to serve the citizens of Southern Illinois while providing jobs for our employees.

AN EQUAL OPPORTUNITY EMPLOYER

Serving Southern Illinois Since 1955
